## A RARE AND SUPERBLY CARVED LOANGO IVORY TUSK FROM THE KONGO OR VILLI PEOPLES, LOANGO COAST, ANGOLA OUTSTANDINGLY CARVED WITH THE UNUSUAL IMAGERY OF ANIMALS, ANTHROPOMORPHIC FIGURES AND CARICATURES OF COLONIALS THIS IMPRESSIVE TUSK IS WORKED IN A MARKEDLY DIFFERENT STYLE FROM THOSE DEPICTING THE MORE USUAL TRADING ACTIVITIES THAT TOOK PLACE ALONG THE LOANGO COAST IN THE 19 TH CENTURY. IT IS POSSIBLE THAT THESE IMAGES WERE COPIED FROM A CONTEMPORARY EUROPEAN PRINT OR BOOK AS MANY EARLIER PORTUGUESE COLONIAL IVORY CARMINGS WERE, AND THE TUSK MAY HAVE BEEN ESPECIALLY COMMISSIONED BY A COLONIALIST RETURNING HOME.
